Subject: Mid-Town Neighbors

Mid-Town Neighbors:

Spring brings an influx of people into Mid-Town offering to do lawn work. Please use good judgment and get references before you allow anyone on your property. Help us by securing your lawn equipment, lawn furniture, and other items that can easily sprout legs leave. You can also help by getting outside walking with and meeting with your neighbors. Criminals like to work in the shadows. Busy streets with people walking and greeting each other are not areas to work for the bad guys.

Again, thanks for all of your support and for allowing us to serve you.

Inspector R. Mark Collins
Union Station Commander
